Camper Behavior Policy

Policies and Procedures

Denver Zoo Safari Camp's goal is to provide all campers with a safe, fun, and educational experience.

Expectation of behavior – Rules and expectations of behaviors will be discussed with your camper on a daily basis.

Expectations include, but are not limited to:

- Respect for zoo animals (no chasing geese, no climbing on enclosures or tapping on glass)
- Respect for fellow campers (keeping hands to themselves, no name calling or aggressive behavior)
- Respect for instructors (listening to directions, staying with the group at all times, staying positive)
- Respect for themselves (telling the instructor if they are experiencing problems with another camper, having fun!)
- All campers should feel safe both emotionally and physically. Physical, verbal, and relational bullying is not tolerated, and will be addressed immediately. Supervising staff will be informed, and each camper's parents/caregivers will be contacted.

Discipline procedure – We will take the following steps to help resolve any issues:

- Instructor will speak to the camper about their behavior and remind them of our expectations.
- If the behavior continues, the child may be asked to sit out of activities or take quiet time until they can rejoin.
- At this time, if the behavior continues to be a problem or depending on the severity of the behavior, the instructor will refer the child to a camp administrator.
- Parents will receive written documentation of the behavior and depending on the severity of the behavior, receive a phone call from the camp coordinator to discuss a behavior plan.
- After these steps are taken, unresolved behavioral issues may lead to a caretaker being contacted and asked to pick-up the child.

Behavior management used – All camp staff go through a variety of trainings and practice sessions to ensure that campers are safe, having fun, and learning.

- Expectations are reviewed with our campers and reinforced on a daily basis in a positive tone, and framed in a positive way.
- Positive behavior and attitudes are rewarded.
- Redirection of negative behaviors is used to prevent escalation.
- Campers are empowered to make good choices and problem solve so they can be successful.
- Physical or verbal punishment, or isolation will never be used. Withholding snacks or treats is not permitted.
