

Summer Safari Camp

Policies and Procedures

Denver Zoo Safari Camps may include the following types of activities: up-close animal encounters, zoo exploration, engineering-build challenges, games, experiences such as train and carousel rides, field trips, encounters with zoo keepers and other zoo staff, and more!

Our Camp informal education philosophy is based on best practices in education, including a focus on inquiry-based learning and opportunities to connect with animals and nature. That means guiding questions that campers will try to solve throughout the day, a section after lunch for more self-directed learning, and time for “further exploration.” (This time is something that is determined more by the students as they decide how they would like to expand upon what they’ve done that day. This may include exploring more of the zoo, playing games, exploring animal pelts and skulls [“biofacts”], or testing prototypes of projects they’ve been building). Computers or tablets allow instructors to access additional information, capture photos or videos on the fly, and help kids discover answers on their own to questions that arise throughout the course of a day.

Denver Zoo follows local, state and federal guidelines when developing its safety programs, including [COVID-19 Guidance for Children’s Day Camps](#). Additionally, Safari Camps collaborates with a contracted health professional to ensure best practice for camper health and wellness. All COVID-19 related policies and procedures will be updated once Summer 2022 state health orders are released for school-age day camp settings and communicated to parents/guardians accordingly.

RESERVATION POLICIES

Ages and Abilities Accepted

Campers of **all ability levels** are welcome to register for Safari Camp. We work with parents to make camp is accessible to children with varying needs, in accordance with the Americans with Disabilities Act and provide reasonable accommodations to our programs to make them accessible (see full details in “Accommodations for Special Needs” section).

Summer Safari

Full-Day camps are offered for children entering Kindergarten - 8th Grade in the upcoming fall school year (*campers must turn 5 by Oct 15th*).

Procedure for Registration

Parents/Guardians must register their own child to participate in Safari Camp and use their own Denver Zoo membership account to receive the Safari Camp membership discount. There is a 2-step registration process: Step 1 is purchasing a camper’s spot. Step 2 is completing the following information in the [Camp Portal](#) (*campers cannot attend until the Step 2 is complete*):

- Contact details including home and work addresses, and phone numbers for the parent/guardian (*and any additional parent*)
- Camper’s full name, birth date, grade, and medical history
- Name, address, and phone number of camper’s physician, dentist, and preferred hospital
- Name, address, and phone number of two emergency contacts
- Name, address, and phone number of any additional people (must be over 18) who are authorized to pick up camper

Campers are not allowed to attend more than one camp with the same title. This prevents children from attending camp where they repeat the same curriculum and activities. If campers are registered for a duplicate class, cancellation or transfer fees will apply [see below].

Fees and Cancellation Policy

Full payment is due at time of registration. A full refund is given if Denver Zoo cancels a camp for any reason.

Summer Safari

Registrations canceled or rescheduled for reasons unrelated to changing state or municipality health guidelines for COVID-19, at least 15 business days before the date of camp, incur accommodation fees of \$50 each. ****Within 14 business days, all sales are final.** Cancellations must be requested via email to guestcare@denverzoo.org.

Medication Administration Permission Form

If your child requires emergency, prescription, or over-the-counter medication during camp, a parent/guardian and the child’s physician must complete and submit a **Medication Administration Permission Form** at least **two weeks** prior to the start of the child’s camp session. Any medication for a chronic illness such as asthma, allergies, or diabetes must be accompanied by a Care Plan written and signed by the child’s physician. **Your camper(s) will not be permitted into camp until all information is filled out correctly and completely.** Upon review of your camper’s forms, it may be necessary to meet with the parent/guardian to develop a Health Plan. [For more information, see Health Care at Safari Camp on pg. 4.]

Summer Safari Camp

Policies and Procedures

GENERAL INFORMATION

Summer Safari Camps are five-day/week-long camps offered June through August (*a four-day week is offered July 5-8, 2022 in recognition of Independence Day*). See full schedule on our [website](#). Camps run from 9:00 A.M.–4:00 P.M.

Please arrive on time for your child's camp. Arriving after camp begins could result in missed tours, animal encounters, or other missed activities, as well as late arrival fees.

Daily Participant Drop-off

During Summer Safari, Drop-off will take place at the following times, depending on grade level:

- 8:45-9:00 A.M. – Grades 6-8 + 2-3
- 9:00-9:15 A.M. – Grades 4-5 + K-1

If parents/guardians have additional campers to drop-off in varying time windows, please drop-off together in the earlier option. (E.g., if you have a second grader and a fourth grader, please drop-off both between 8:45-9:00 A.M.)

Please follow these instructions:

1. Please park in the parking garage, if space is available.
2. Drop-off is at your child's classroom in the Gates Education Center (or in the tents just outside the Gates Center) through the Special Programs Entrance, Gate 1. This entrance is located directly up the steps from the elevators on the Macaw level of the parking garage (second level).

Drop-off ends and the Special Programs Entrance closes at 9:15 A.M. Late arrivals should proceed to the Zoo's Main Entrance to complete check-in procedures. A late arrival accommodation fee will be collected for each child.

Daily Participant Pick-up

During Summer Safari, Pick-up will take place at the following times, depending on grade level:

- 3:45-4:00 P.M. – Grades 6-8 + 2-3
- 4:00-4:15 P.M. – Grades 4-5 + K-1

If parents/guardians have additional campers to pick up in varying time windows, please pick up together in the earlier option. (E.g., if you have a second grader and a fourth grader, please pick up both between 3:45-4:00 P.M.)

Please follow these instructions:

1. Please park in the parking garage, if space is available. Pick-up is at your child's classroom in the Gates Education Center (or in the tents just outside the Gates Center) through the Special Programs Entrance, Gate 1. This entrance is located directly up the steps from the elevators on the Macaw level of the parking garage (second level).
2. A photo ID is required every day to pick up a child from camp.

Campers will only be released to those persons whom parents/guardians have added to the authorized pick-up list. **Photo ID is REQUIRED EVERY DAY at pick-up.** If a non-authorized person attempts to pick up a camper, Camp staff will attempt to contact parents/guardians at all numbers provided. If no contact is made, the person will be asked to wait until confirmation is secured from parents/guardians. In circumstances where the person attempting to have the child released is behaving aggressively or inappropriately, they will be referred to Denver Zoo security and police may be called.

It is mandatory that all children be picked up by 4:15 P.M. Parents/guardians are asked to notify Camp Staff if they are running late. After 4:15 P.M., parents/guardians, emergency contacts, and authorized pick-ups will be notified that the child needs to be picked up as soon as possible and an accommodation fee of \$10 will be charged every 15 minutes after 4:15 P.M. until they are picked up. Camp Staff will supervise the camper until an authorized pick-up person arrives. If no one can be contacted by 5:30 P.M., the Denver Police Department will be contacted and custody of the child will move to the Denver Police Department.

Summer Safari Camp

Policies and Procedures

Camper Absences

As Safari Camp programs are a recreational and elective activity, parents/guardians may choose to stop sending their child to camp at any time. Parents/guardians are encouraged to communicate with Camp Staff about planned or unplanned absences, but it is not required. Refunds will not be issued for unattended days. [For more information, see Fees and Cancellation Policy, above.]

Late Arrival/Early Pick-up

With advance notice, children may be dropped off or picked up during lunch time (12:00–1:00 P.M.) at no charge, as campers are always in a pre-defined area during the lunch hour. At other times of the day, campers may be anywhere within the 80-acre Zoo property (or on a field trip), making late arrivals and early departures complicated; resulting in an accommodation fee.

Accommodation Fees:

- Dropping off after camp start time \$5 /instance/camper
- Picking up before camp end time \$5 /instance/camper
- Children not picked by 4:15 P.M. \$10 /every 15 minutes late

If a camper arrives late and their group is out within the Zoo or on a field trip, Camp Staff will check in the camper, supervise them, and take them to meet their group. If a camper needs to leave early while their group is out within the Zoo or on a field trip, Camp Staff will pick the camper up from their group, supervise them, and check the camper out to their parent/guardian/authorized pick-up. Authorized pick-ups will **not be allowed** to drop off late campers **directly** to their groups, nor pick-up campers early **directly** from their groups.

What to Bring

- **Lunch + 2 snacks**
- Backpack
- Water bottle
- Apply sunscreen and dress for the weather and lots of walking: a hat and athletic shoes are encouraged (*no flip-flops!*)
- Safari camp T-Shirt EVERYDAY (*issued first day of camp*)

What NOT to Bring

Money, jewelry, toys, stuffed animals, games, collectables, and electronic devices not limited to mp3 players, tablets, video games, GoPro's, etc. Denver Zoo is not responsible for any lost or stolen items. Should a child bring a valuable item with them to camp, they will be told to keep it in their backpack and Camp staff will connect with the parent/guardian to request that the child not bring it to camp again. Please note that valuables lost in the Zoo can be harmful to our animals, or even destroyed by animals or water exhibits, or otherwise lost **permanently**. Balloons and plastic straws are **not allowed** in the Zoo due to harm they may cause to animals.

Face Masks

Face Mask policies, along with all other COVID-19 related policies and procedures, will be updated once Summer 2022 state health orders are released for school-age day camp settings, and communicated to parents/guardians accordingly.

Meals and Snacks

Campers are **required to bring a packed lunch**, as well as **a morning and afternoon snack, each day** – it is okay if these snacks are from a portion of their packed lunch. Heating and refrigeration are not available. Peanut-free lunches and snacks are encouraged and sharing food is not allowed. Campers without a snack will be provided apple sauce (ingredients listed below).

Mott's Unsweetened Applesauce: APPLES, WATER, ASCORBIC ACID VITAMIN C.

Inclement Weather

Please ensure your camper is dressed and prepared for the weather and elements. In the rare event that severe weather is expected to interfere with scheduled programming, Denver Zoo will contact the registering parent/guardian via email regarding delayed starts, early closures, and/or full day closures. Winter weather closures will also be noted on the Denver Zoo [homepage](#).

Technology Usage during Camp

Campers, especially those in 4th-8th grade camps, may be encouraged to use technology to assist in their exploration of the Zoo, curricula topics, or Questions of the Day. This may include video or picture-taking, looking up animal photos or facts online, visiting animal-information websites, virtual

Summer Safari Camp

Policies and Procedures

or augmented reality, citizen science websites or applications, and/or the use of laptops, smartphones, or tablets. Through registration for Safari Camp, parents/guardians authorize and affirm permission for their child's technology usage during camp, as well as other camp activities.

Campers may not view or show media containing explicit language or topics. Though limited in scope, occasional short videos or other media may be used during camp to help campers explore a topic related to camp curricula. Screen time introduced by instructors or administrators will be kept to a minimum. Usage of internet or media by campers will be strictly monitored by instructors, and may be disallowed or restricted at any time, including the possibility of instructors taking away phones, tablets, or other personal devices until the end of the camp day. Campers are expected to use online media for the purposes of exploring camp topics only. Campers will be expected **not to use** media during snack or meal times, unless during a planned activity or special occasion. Children using personal adaptive equipment or assistive technology will be exempt from this rule, and will have no restrictions on usage times.

Field Trips

Summer Safari Field Trips to City Park

During Summer Safari some camp groups may have a designated day and time to take a field trip to the City Park H2O Odyssey Fountains and/or the City Park box canyon and meadow (*please see your camper's Daily Schedule for more information*). These are walking field trips outside of the Zoo, and do not require transportation by car or bus. Through registration for Safari Camp, parents/guardians authorize and affirm permission for their child's participation in these field trips, as well as other camp activities. Camp Instructors are responsible for the safety of each camper in their group, and we designate Camp Support Staff to oversee all field trips to City Park. Camp Support Staff pay close attention to the weather prior to each group departing, and if extreme weather conditions are expected, field trips will be cancelled or rescheduled.

6-8th Grade "Conservation Camp" Field Trips

During the 6-8th grade "Conservation Camp" only, campers take a field trip off-site to participate in conservation work in the Denver metro area one or two days of their camp week. If field trip location requires transportation, it is provided by bus or 15-passenger vehicles. Parents/Guardians are given more information about these field trips (*including location, days, times, transportation safety policies, etc.*) and sign a waiver for their child to participate, prior to their scheduled camp week. Camp Instructors are responsible for the safety of each camper in their group, and we designate Camp Support Staff to oversee all field trips. Field trips may be cancelled or rescheduled for reasons such as extreme weather, changing state or municipality health guidelines for COVID-19, etc.

Lost and Found

Lost items will be taken to the Zoo's main Lost and Found and you will need to contact the Zoo Lost and Found directly at **303-376-4805**, or on the Denver Zoo website's [Lost and Found page](#).

Health Care at Safari Camp

Storing and Administering Medications

A contracted Child Care Health Consultant Nurse oversees health care policies and procedures, as well as training and delegation of all medication on site for Safari Camp. When the consulting nurse is not on site to administer medication, a trained and delegated Denver Zoo staff administers medications. We do not stock any over-the-counter medication like Tylenol, Ibuprofen, Benadryl, etc.

In order to store and administer ANY medication (emergency, prescription, or over-the-counter) to campers, we must receive a **Medication Administration Permission Form** completed by a parent/guardian and the child's physician two weeks prior to the start of the child's camp session. Any medication for a chronic illness such as asthma, allergies, or diabetes must be accompanied by a Care Plan written and signed by the child's physician. **Medication must be provided in the original labeled bottle or container.** Prescription medicine containers must bear the original pharmacy label that shows the prescription number, date filled, name of medication, dosage, physician's name, child's name, and directions for administering. Over-the-counter medication must be clearly labeled with child's first and last name. All medications (*with the exception of emergency medication like Epi-Pens, Inhalers, etc.*) will be locked and dispensed at the appropriate time, according to instructions written and signed by the Health Care Provider.

Summer Safari Camp

Policies and Procedures

Illness, Accidents, and Injuries

Camp Staff and Denver Zoo Security staff, are certified in First Aid and CPR and are able to address emergencies as they occur. Parents/Guardians will be notified immediately of any accident or injury requiring medical treatment beyond a Band-Aid and/or ice pack. If needed, 911 will be called and paramedics will determine if transport to a hospital is necessary. If so, a Denver Zoo staff member will go to the hospital until a parent arrives. If a child becomes ill while at camp, they will rest away from their camp group, under the supervision of Administrative Staff, and parents/guardians will be notified. If the child has a fever of 100°F or above, exhibits signs of illness, or does not feel well enough to take part in normal activities, parents/guardians will be asked to leave home or work immediately to pick-up the child.

Illness Policy and Daily Health Screening

Denver Zoo recommends parents/guardians refer to the Illness Policy developed by Children's Hospital Colorado – [How Sick is Too Sick?](#) to assist in determining when it is appropriate to keep a child home from camp.

Daily health screening policies, along with all other COVID-19 related policies and procedures, will be updated once Summer 2022 state health orders are released for school-age day camp settings, and communicated to parents/guardians accordingly.

If a camper is diagnosed with a communicable disease (*including, but not limited to: COVID-19, hepatitis, measles, mumps, meningitis, diphtheria, rubella, salmonella, tuberculosis, giardia, or shigella*) while attending or soon-after attending, we ask that parents notify us immediately. If further action is necessary, the Camp Coordinator will notify the local Health Department, staff members, and all parents of the participants enrolled at the site. The camper's confidentiality will be maintained.

Accommodations for Special Needs

If your child has any special needs we should be aware of, please contact us. We happily work with parents/guardians to make Safari Camp accessible to children with varying needs in accordance with the Americans with Disabilities act; however, we are unable to provide one-on-one or supplementary services. If your child needs to attend camp with their full-time care provider, special arrangements can be made, but **must be scheduled in advance** for security purposes. After undergoing a background check, the adult caregiver may attend at no charge. **A background check can take up to 30 days to process**, so please give us as much advance notice as possible.

Sunscreen

We provide Rocky Mountain Sunscreen: SPF 30, Oxybenzone-Free, Water Resistant, and Fragrance-Free. You are welcome to pack an alternative, if desired (*please label with first and last name*). There is a sunscreen station within the Gates Education Center (*as well as the Primate Panorama Classrooms during Summer Safari*), for campers to re-apply during the day. We do not directly apply sunscreen to any camper but help them by guiding them to apply it themselves.

Camper Personal Hygiene

Each child is instructed to wash their hands with soap and water upon arrival, before snacks/lunch, and after using toilet facilities, and blowing their noses, coughing, or sneezing. In addition, 70-80% alcohol-based hand sanitizer is available in each classroom and while out in the Zoo, and utilized throughout the day. You are welcome to pack an alternative, if desired (*please label with first and last name*). Participants must be toilet trained prior to attending. We stock extra shorts/pants/shirts/underwear in case a child needs to change due to soiled clothes.

Safety at Safari Camp

COVID-19 Operating Guidelines

All COVID-19 related policies and procedures will be updated once Summer 2022 state health orders are released for school-age day camp settings, and communicated to parents/guardians accordingly.

Supervision

There is a maximum staff to child ratio of 1 to 10. Experienced, trained adult instructors and volunteers will lead the group in activities, games, and tours. All staff and adult volunteers have undergone extensive background checks and are highly trained in Safari Camp programs and working with children. They are here to ensure a safe, fun, educational experience for your child.

A roster is generated for each camp group containing each camper's name, grade, parent/guardian names, and authorized pick-ups. Campers are checked in/out daily via this roster by Camp Instructors and Administrative Staff. Instructors keep a head count of campers in their groups constantly.

Summer Safari Camp

Policies and Procedures

Classroom doors are secured at all times. Each camp has a daily schedule they follow, so that Administrative Staff know the Zoo areas where camp groups are expected to be at all times. During the busy summer season, Summer Safari T-Shirts are required for each camper, as they aid in keeping groups together while out in the Zoo.

In the rare event of a separated or lost camper, the instructor will call and alert security and a Camp Administrator immediately, with the name and description of the camper. Security will dispatch available personnel to assist, monitor the Zoo entrance/exit, and initiate a Zoo wide all-call. The missing camper's group will remain in place in the Zoo with their instructor until the missing camper is located. The Learning & Engagement Department and other Administrative Staff will be notified and dispatched to assist, where needed. The Camp Coordinator will contact the missing camper's parents, and Security will contact the Denver Police Department if needed. After the child is located, they will be reunited with their camp group, and the instructor will recount the situation to Camp Administrators for assessment of why the situation occurred.

Visitor Policy

For security and safety purposes, we do not allow visitors. Only adults that have passed a Denver Zoo background check can be with camp groups. If you are planning to spend the day at the Zoo, we have several restaurant/food stations located throughout the Zoo, as well as a large gift shop and coffee bar. If you decide to tour the Zoo, we ask that you tour different areas than your child's camp group. This is to ensure that your participant can fully enjoy the benefits and social development of interacting with the other children in their camp. The added benefit for your child is learning to remain with their instructors and tour guides, which aids with our security precautions, in addition to helping your child learn important group skills. We greatly appreciate your cooperation.

Suspected Child Abuse

Any incident of suspected child abuse or neglect will be reported immediately to the Colorado Department of Social Services, local authorities, and to the Denver Zoo Board of Directors.

Additional questions, concerns, or suggestions?

Please contact the Guest Care Center at 720-337-1400 or guestcare@denverzoo.org.

Policies and Procedures

Denver Zoo Safari Camp's goal is to provide all campers with a safe, fun, and educational experience.

Expectation of behavior – Rules and expectations of behaviors will be discussed with your camper on a daily basis.

Expectations include, but are not limited to:

- Respect for zoo animals (no chasing geese or peafowl, no climbing on enclosures or tapping on glass)
- Respect for fellow campers (keeping hands to themselves, no name calling or aggressive behavior)
- Respect for instructors (listening to directions, staying with the group at all times, staying positive)
- Respect for themselves (telling the instructor if they are experiencing problems with another camper, having fun!)
- All campers should feel safe both emotionally and physically. Physical, verbal, and relational bullying is not tolerated, and will be addressed immediately. Supervising staff will be informed, and each camper's parents/caregivers will be contacted.

Discipline procedure – We will take the following steps to help resolve any issues:

- Instructor will speak to the camper about their behavior and remind them of our expectations.
- If the behavior continues, the child may be asked to sit out of activities or take quiet time until they can rejoin.
- At this time, if the behavior continues to be a problem or depending on the severity of the behavior, the instructor will refer the child to a Camp Administrator.
- Parents will receive written documentation of the behavior and depending on the severity of the behavior, receive a phone call from the Camp Coordinator to discuss a behavior plan.
- After these steps are taken, unresolved behavioral issues may lead to a caretaker being contacted and asked to pick-up the child.

Behavior management used – All Camp staff go through a variety of trainings and practice sessions to ensure that campers are safe, having fun, and learning.

- Expectations are reviewed with our campers and reinforced on a daily basis in a positive tone, and framed in a positive way.
- Positive behavior and attitudes are rewarded.
- Redirection of negative behaviors is used to prevent escalation.
- Campers are empowered to make good choices and problem solve so they can be successful.
- Physical or verbal punishment, or isolation will never be used. Withholding snacks or treats is not permitted.
